Information Systems graduate with one internship and five projects spanning full-stack development and software testing. Builds web and ERP applications with Laravel, CodeIgniter, Spring Boot, NestJS, and Golang on the backend and Angular, React, and Vue on the frontend. Tests with manual functional, regression, UAT, and API (Postman) approaches, and builds automated E2E suites with Playwright and Selenium + Cucumber (BDD), applying SDLC, STLC, and Agile/Scrum practices. Experienced in RESTful API design, relational modeling (MySQL, PostgreSQL), and JWT authentication with role-based access control.

WORK EXPERIENCE

PT Pos Satu Nusantara — Banten **Jun 2025 – Aug 2025**
Programmer Intern

- Developed and maintained ERP modules for PT Ebako using CodeIgniter (PHP), PostgreSQL, and JavaScript, covering inventory, procurement, and sales processes.
- Designed relational database models and a modular backend structure, replacing manual cross-department reconciliation with an automated process.

EDUCATION

Del Institute of Technology, Sitoluama, Sumatera Utara **Sep 2022 – Sep 2026**
Bachelor of Information Systems, GPA 3.03/4.00

PROJECTS

Academic System for SSC Balige, Del Institute of Technology **Jan 2025 – Jun 2025**
Full-Stack Web Developer & QA Tester | Laravel, MySQL, Figma, Tailwind CSS, Katalon Studio, Postman, Jira

- Built an integrated information portal, material repository, discussion forum, and student management system, adopted as the primary academic hub for SSC Balige students and staff.
- Enhanced user access control and optimized database queries, improving page load times during peak usage.
- Worked in an Agile/Scrum team: designed and executed manual test cases (functional and regression) with Katalon Studio, and validated endpoints with Postman API testing.
- Conducted User Acceptance Testing (UAT) with students and staff and tracked defects in Jira until resolved, before deployment.

Information Systems Archive Platform, Del Institute of Technology **Aug 2024 – Dec 2024**
Full-Stack Web Developer | Laravel, MySQL, Bootstrap, Figma, Katalon Studio, Postman

- Developed an academic archive system with document categorization and role-based user access management, plus keyword-based search and optimized backend queries for faster document retrieval.
- Ran manual functional testing with Katalon Studio and API testing with Postman, resolved defects before launch, and conducted UAT with end users.

TaskFlow: Collaborative Kanban Board Application **Personal Project, 2026**
Full-Stack Developer | Java Spring Boot, React + TypeScript + Vite, MySQL, JWT

- Built a Trello-style kanban board with drag-and-drop organization and position persistence using Spring Boot and React + TypeScript.
- Implemented JWT authentication with Spring Security, role-based access control (Admin vs. Member), and BCrypt hashing, with Spring Data JPA/Hibernate on MySQL.

TechMart: Full-Stack E-Commerce Application **Personal Project, 2026**
Full-Stack Developer & SDET | Golang, Gin, GORM, Angular, MySQL, JWT, Playwright

- Built an e-commerce platform covering authentication, product catalog, cart, checkout, manual payment, and an admin dashboard using Golang/Gin/GORM and Angular 18.
- Built an automated E2E suite with Playwright (10+ test cases) covering login, cart, and checkout.

Ferry Ticketing System: Ajibata–Ambarita Route, Lake Toba **Personal Project, 2026**
Full-Stack Developer & SDET | NestJS, TypeORM, MySQL, Vue 3, PrimeVue, Selenium, Cucumber, Jest, Vitest

- Developed a ferry booking system for three roles (Admin, Harbor Staff, Customer) with NestJS/TypeORM and Vue 3/PrimeVue with Pinia, including real-time vehicle quota validation and QR-code e-tickets.

- Automated E2E scenarios with Selenium WebDriver (Java) and Cucumber (BDD), and wrote unit tests with Jest (backend) and Vitest (frontend).

CERTIFICATIONS

- Associate Data Scientist, Vocational School Graduate Academy, Digital Talent Scholarship (2025)
- TOEFL ITP Score 460 (August 2025)

ORGANIZATIONAL EXPERIENCE

Google Developer Student Club (GDSC) | Member | tech talks with Google Developer Experts, team projects **Aug 2023 – Dec 2024**
Himpunan Mahasiswa Sistem Informasi (HIMSI) | Arts Division Member | arts and cultural events, logistics **Oct 2023 – Oct 2025**
Student Election Commission (KPU Mahasiswa) | Security Division Member | student election activities **Sep 2023 – May 2024**
